

Product: Double Sided Transfer Tape

Code: D025

Product Description

A clear high performance transfer with an aggressive adhesive designed to give immediate grab and ultimate bond strength.

Features

- High initial tack.
- Good temperature resistance.
- Long life adhesive.

Applications

- Ideally suited for the laminating of foams, felts, plastic films such as polyethylene and other difficult surfaces.
- Lamination of labels, decals, nameplates – when good adhesion is required for difficult surfaces.

Technical Data

Liner	Siliconized white glassine
Carrier	N/A
Adhesive	Sure-stick UHA adhesive
Film Thickness	N/A
Adhesive Thickness	50 Microns
Total Thickness Allowance (Variance)	+/- 10%
Application Temperature	16°-30°C
Temperature Resistance	80°C
Shear Strength	100 min (minimum)
180° Peel Adhesion (ASTM D 3330)* (Steel)	144N/100mm
Holding Power (ASTM D 3654)*	>120 mins
Tensile Strength (ASTM D 3759)*	> 4N/cm
Elongation (ASTM D 3759)*	120%
Initial Tack (JIS Z0237)*	14.5N
*Data represents the minimum value from the results of a series of tests	
Storage Conditions	Cool, dry and clean environment – 12 months
